2018 - 2019

Mr. Ramirez

Business Management & Leadership

Palm Springs High School - ABLE Academy

Skilled leaders motivate individuals or groups to achieve a common goal. Skilled managers plan, organize staff, direct and control an organization or group for the purpose of accomplishing a goal using available resources efficiently and effectively.

This course explores leadership and management styles within the context of personal finance, economics and soft skills. Students engage with their peers, business professionals, and community members.

Students will learn and practice 21st century skills that will enhance their communication, collaboration, creativity, and critical thinking abilities.

Prerequisite: Business Finance course
Grade level: 10th
